1 A. There were probably others, but
2 I can't recall offhand.

3 Q. Any types of reports
4 identifying suspicious orders or orders of
5 any size or frequency that were red flagged?

6 A. There were reports that were
7 run for suspicious orders and orders of
8 interest.

9 Q. And when you say "That were
10 run," were they not automated?

11 A. They were automated.

12 Q. And explain to me what data was
13 pulled in those reports identifying red flags
14 or suspicious orders.

15 MR. STOFFELMAYR: Objection to
16 the form. Foundation.

17 THE WITNESS: So I never
18 actually pulled -- I never actually
19 provided -- put the data inside the
20 reports. They were automated, so the
21 orders that were in these reports were
22 only orders of interest based off of
23 what the DEA's general description of
24 a suspicious order was.

1 QUESTIONS BY MR. MOUGEY:

2 Q. Explain to me what your
3 understanding of what the DEA's description
4 of an order of interest was.

5 MR. STOFFELMAYR: Objection to
6 form. Foundation.

7 THE WITNESS: I only know what
8 the -- my understanding of -- my
9 interpretation of it, and my
10 interpretation may not be what legal's
11 representation or interpretation is.

12 QUESTIONS BY MR. MOUGEY:

13 Q. Sure. And that's what I
14 understand.

15 I'm asking you today in your
16 role as a senior analyst at Walgreens, do you
17 have an understanding of what the DEA's
18 definition of an order of interest was?

19 MR. STOFFELMAYR: Same
20 objection.

21 THE WITNESS: My role today, I
22 do.

23 Back then, I did not.

24 QUESTIONS BY MR. MOUGEY:

25 Q. What is your understanding

Highly Confidential - Subject to Further Confidentiality Review

<p style="text-align: right;">Page 22</p> <p>1 today of the DEA's definition of an order of 2 interest?</p> <p>3 A. From my understanding, it's any 4 order of an unusual size, frequency or 5 deviates from normal movement.</p> <p>6 Q. And when between 2006 when you 7 began at Walgreens until today did you 8 develop an understanding of what the DEA's 9 definition of order of interest was?</p> <p>10 A. When I took my role as a 11 manager for pharmaceutical integrity.</p> <p>12 Q. If you'd, please, sir, turn to 13 page 2 of 3 of your CV.</p> <p>14 Under the section Walgreens, 15 six years, nine months, project manager, 16 pharmacy loss prevention --</p> <p>17 MR. MOUGEY: Corey, could you 18 pull this up, please?</p> <p>19 QUESTIONS BY MR. MOUGEY:</p> <p>20 Q. And you held that role 21 approximately six years and nine months, 22 correct, sir?</p> <p>23 A. Correct.</p> <p>24 Q. And the title on your CV, 25 project manager, pharmacy loss prevention,</p>	<p style="text-align: right;">Page 24</p> <p>1 Q. Project manager at pharmacy 2 at -- pharmacy loss prevention from June 3 of 2012 to February of '13, correct?</p> <p>4 A. That's about right.</p> <p>5 Q. And you had been at Walgreens 6 at the end of that tenure as project manager 7 six years and nine months, correct?</p> <p>8 A. Correct.</p> <p>9 Q. And let's walk through some of 10 the bullets under your role as project 11 manager.</p> <p>12 Very first bullet, "Compile and 13 interpret data for internal pharmacy theft 14 cases and for statistical purposes to monitor 15 diversion," correct, sir?</p> <p>16 A. That's correct.</p> <p>17 Q. Would you please explain what 18 your understanding of what diversion is in 19 the pharmacy context?</p> <p>20 A. Diversion can be a multiple of 21 things. So basically any loss out of the 22 pharmacy, so whether it's customer diversion, 23 employee diversion; it can mean a lot of 24 different things.</p> <p>25 Q. How about diversion in the</p>
<p style="text-align: right;">Page 23</p> <p>1 correct?</p> <p>2 A. Yes.</p> <p>3 Q. Beginning in June of 2012 to 4 February of 2013, correct?</p> <p>5 A. I don't remember exactly, but 6 that sounds correct.</p> <p>7 Q. All right. Let's walk through 8 some of these bullets. The first 9 bullet that --</p> <p>10 MR. STOFFELMAYR: I'm sorry, 11 did you say he was a project manager 12 for six years? Because that's --</p> <p>13 THE WITNESS: Yeah, I was not a 14 project manager for six years. I was 15 with Walgreens for six years at that 16 time.</p> <p>17 MR. STOFFELMAYR: You see what 18 I mean? He was a project manager for 19 however many months, but that up there 20 is the whole time he was at Walgreens.</p> <p>21 MR. MOUGEY: Sure, I appreciate 22 that.</p> <p>23 MR. STOFFELMAYR: You see what 24 I mean?</p> <p>25 QUESTIONS BY MR. MOUGEY:</p>	<p style="text-align: right;">Page 25</p> <p>1 supply chain that opiates or pills are used 2 for illegal purposes at the practitioner 3 level?</p> <p>4 A. I don't know how we would be 5 able to capture diversion from that 6 standpoint.</p> <p>7 Q. Walk me through what -- 8 statistical purposes to monitor diversion, 9 explain to me what you mean by that mean.</p> <p>10 A. So statistical purposes, so 11 to -- the reports we ran -- or I ran provided 12 data outside of what those automated 13 exception reports were.</p> <p>14 So to monitor diversion, if 15 there were continuous negative adjustments 16 happening at a pharmacy, it would help to 17 determine whether or not there's -- something 18 internally is happening, either procedurally 19 where stores aren't posting orders correctly 20 or just something incorrectly happening at 21 the store level that could cause these 22 negative adjustments.</p> <p>23 Part of my job was to help 24 those field leaders determine whether or not 25 there's actual loss happening or diversion</p>

<p style="text-align: right;">Page 26</p> <p>1 happening at the pharmacy or if there's</p> <p>2 something operationally that's happening at</p> <p>3 the pharmacy that needs to be corrected.</p> <p>4 Q. So definition of diversion as a</p> <p>5 project manager at Walgreens was -- continue</p> <p>6 to be the employee pilfering and manual</p> <p>7 adjustments, et cetera, at the pharmacy</p> <p>8 level, correct, sir?</p> <p>9 A. Correct.</p> <p>10 MR. STOFFELMAYR: Objection to</p> <p>11 the form. Give me a second.</p> <p>12 QUESTIONS BY MR. MOUGEY:</p> <p>13 Q. Go to the fourth bullet,</p> <p>14 "Intimate work with statistical software and</p> <p>15 databases, including, but not limited to,</p> <p>16 Access, Excel, Oracle, WebSDL, IC Plus, SIMS,</p> <p>17 EDW, Mobius and Business Objects."</p> <p>18 Do you see that, sir?</p> <p>19 A. I do.</p> <p>20 Q. And explain to me what Mobius</p> <p>21 is.</p> <p>22 A. My understanding, it is an</p> <p>23 application that houses reports.</p> <p>24 Q. And what kind of reports?</p> <p>25 A. The reports that were in there</p>	<p style="text-align: right;">Page 28</p> <p>1 while at Walgreens?</p> <p>2 A. Not to diversion, no.</p> <p>3 Q. Any reports pulled out of</p> <p>4 Mobius while you were at Walgreens in the</p> <p>5 context of orders of interest or suspicious</p> <p>6 reports?</p> <p>7 A. Yes.</p> <p>8 Q. All right. Now, when I just</p> <p>9 asked you the question of whether or not you</p> <p>10 had pulled any reports out of Mobius while at</p> <p>11 Walgreens regarding diversion, you answered</p> <p>12 no. And I asked in the context of interest</p> <p>13 of orders or suspicious reports, you answered</p> <p>14 yes.</p> <p>15 Tell me what the difference is</p> <p>16 in your mind.</p> <p>17 A. Orders of interest or</p> <p>18 suspicious orders don't necessarily mean</p> <p>19 diversion or theft.</p> <p>20 Q. They are potential -- the</p> <p>21 reports are a means or mechanism to identify</p> <p>22 red flags or potential areas of interest,</p> <p>23 correct, sir?</p> <p>24 A. Which reports?</p> <p>25 Q. Any reports.</p>
<p style="text-align: right;">Page 27</p> <p>1 were from human resources, basically any</p> <p>2 report that was in there - human resources,</p> <p>3 employee relations, employee background</p> <p>4 information. They had a whole bunch of</p> <p>5 different reports in there.</p> <p>6 Q. Did you say Mobius in the</p> <p>7 context of diversion?</p> <p>8 A. I did not.</p> <p>9 Q. Did you store reports in Mobius</p> <p>10 in the context of diversion?</p> <p>11 A. I did not.</p> <p>12 Q. Did anyone at Walmart {sic}</p> <p>13 that you're aware of store reports regarding</p> <p>14 diversion on Mobius?</p> <p>15 MR. STOFFELMAYR: I think you</p> <p>16 mean Walgreens.</p> <p>17 MR. MOUGEY: Did I say Walmart?</p> <p>18 Yeah.</p> <p>19 QUESTIONS BY MR. MOUGEY:</p> <p>20 Q. Did you -- were you aware of</p> <p>21 any reports being stored in Mobius regarding</p> <p>22 diversion?</p> <p>23 A. I am not aware.</p> <p>24 Q. So you never pulled any reports</p> <p>25 out of Mobius having to do with diversion</p>	<p style="text-align: right;">Page 29</p> <p>1 MR. STOFFELMAYR: Objection to</p> <p>2 the form.</p> <p>3 Go ahead.</p> <p>4 THE WITNESS: The report -- the</p> <p>5 reports in Mobius that I pulled were</p> <p>6 only for orders of interest or</p> <p>7 suspicious orders.</p> <p>8 QUESTIONS BY MR. MOUGEY:</p> <p>9 Q. And did you not use those</p> <p>10 reports out of Mobius to identify potential</p> <p>11 areas of diversion?</p> <p>12 A. I did not.</p> <p>13 Q. What specific reports did you</p> <p>14 pull out of Mobius at Walgreens?</p> <p>15 A. The only report that I pulled</p> <p>16 were the orders of interest and suspicious</p> <p>17 orders report.</p> <p>18 Q. All right. And what is</p> <p>19 captured in those reports?</p> <p>20 A. Orders that -- based off of</p> <p>21 those generic DEA identification of what a</p> <p>22 suspicious order is, orders that were orders</p> <p>23 of interest based off of those generic</p> <p>24 descriptions for the DEA suspicious orders.</p> <p>25 Q. You understand in databases</p>

8 (Pages 26 to 29)

Highly Confidential - Subject to Further Confidentiality Review

<p style="text-align: right;">Page 30</p> <p>1 that there's fields with specific information</p> <p>2 in them, correct?</p> <p>3 A. I do.</p> <p>4 Q. And in your intimate work with</p> <p>5 statistical software and databases, you</p> <p>6 understand that those fields can be --</p> <p>7 specific fields can be pulled and reports run</p> <p>8 to turn data into information, correct, sir?</p> <p>9 MR. STOFFELMAYR: Objection to</p> <p>10 the form.</p> <p>11 THE WITNESS: Can you rephrase</p> <p>12 that for me, please?</p> <p>13 QUESTIONS BY MR. MOUGEY:</p> <p>14 Q. There's a ton of transactional</p> <p>15 data at Walgreens on a day-to-day basis</p> <p>16 regarding opiates, correct, sir?</p> <p>17 A. There is.</p> <p>18 Q. There's a significant amount of</p> <p>19 data at Walgreens with pharmaceutical</p> <p>20 transactions in general, correct, sir?</p> <p>21 A. Correct.</p> <p>22 Q. And the reports were used to</p> <p>23 pull specific fields to assist Walgreens to</p> <p>24 identify areas of potential diversion,</p> <p>25 correct, sir?</p>	<p style="text-align: right;">Page 32</p> <p>1 the form.</p> <p>2 THE WITNESS: I don't remember</p> <p>3 exactly what our -- what was in those</p> <p>4 reports.</p> <p>5 QUESTIONS BY MR. MOUGEY:</p> <p>6 Q. Do you remember generally what</p> <p>7 was in those reports?</p> <p>8 A. Generally, yes.</p> <p>9 Q. What generally was in those</p> <p>10 reports?</p> <p>11 A. Orders of interest and</p> <p>12 potential suspicious orders.</p> <p>13 Q. Define for me what an order of</p> <p>14 interest was or a potential suspicious order.</p> <p>15 MR. STOFFELMAYR: Objection to</p> <p>16 the form. Foundation.</p> <p>17 THE WITNESS: So I don't -- my</p> <p>18 definition of an order of interest is</p> <p>19 an order that could potentially be --</p> <p>20 based off those -- DEA definition of</p> <p>21 what's a suspicious order, an order of</p> <p>22 interest could lead to an order of</p> <p>23 interest based off of our -- or a</p> <p>24 suspicious order based off of the DEA</p> <p>25 definition.</p>
<p style="text-align: right;">Page 31</p> <p>1 A. Correct.</p> <p>2 Q. And you understand that those</p> <p>3 reports pulled specific fields of data to</p> <p>4 assist Walgreens in its job to identify</p> <p>5 suspicious orders, correct, sir?</p> <p>6 A. Correct.</p> <p>7 Q. And, sir, would you please</p> <p>8 explain to me what fields, what information</p> <p>9 was pulled to populate a report to assist</p> <p>10 Walgreens with identifying suspicious orders?</p> <p>11 MR. STOFFELMAYR: Objection to</p> <p>12 the form. Foundation.</p> <p>13 THE WITNESS: So I do not know</p> <p>14 what was actually populated in those</p> <p>15 Mobius reports. I just pulled them,</p> <p>16 burned them on a CD and sent them off</p> <p>17 to the individual DEA local offices</p> <p>18 and to our distribution centers.</p> <p>19 QUESTIONS BY MR. MOUGEY:</p> <p>20 Q. So you performed no analysis on</p> <p>21 any of those reports?</p> <p>22 A. That is correct.</p> <p>23 Q. You have no earthly idea what</p> <p>24 was in the reports?</p> <p>25 MR. STOFFELMAYR: Objection to</p>	<p style="text-align: right;">Page 33</p> <p>1 QUESTIONS BY MR. MOUGEY:</p> <p>2 Q. How frequently were you pulling</p> <p>3 those reports off of Mobius and forwarding</p> <p>4 them to the DEA?</p> <p>5 A. On a monthly basis.</p> <p>6 Q. Were you aware if anyone at</p> <p>7 Walgreens was reviewing those reports that</p> <p>8 were sent to the DEA?</p> <p>9 A. I don't know if anybody from</p> <p>10 Walgreens were reviewing those reports.</p> <p>11 Q. Did anybody come back to you</p> <p>12 and ask you for additional information on any</p> <p>13 of those reports from Walgreens?</p> <p>14 A. Personally, no.</p> <p>15 Q. Did anybody send you an e-mail</p> <p>16 or ask for any additional information on any</p> <p>17 of those reports from Walgreens?</p> <p>18 A. No.</p> <p>19 Q. Okay. Let's continue down to</p> <p>20 the paragraph that begins with, "Facilitate</p> <p>21 activities."</p> <p>22 Do you see where I am?</p> <p>23 A. Yes.</p> <p>24 Q. "Facilitate activities and</p> <p>25 projects for HCLP team leads and analysts,</p>

Okay? 5 So part of your role as project 6 manager at Walgreens was to pull data 7 requests for project managers across the 8 country, correct? 9 A. Correct. 10 Q. Your role was not limited to 11 any geographical space or region as a project 12 manager, correct? 13 A. At that time, no. 14 Q. And you continue on in that 15 sentence, it says, "In content expert advice 16 as it pertains to compliance, fraud, waste 17 and abuse with the Walgreens family of 18 companies." 19 Sir, what expert advice were 20 you providing to Walgreens as it pertains to 21 compliance, fraud, waste and abuse with the 22 Walgreens family of companies? 23 A. The advice I was providing were 24 for the field leadership. If they were 25 investigating suspected losses at their</p>	<p style="text-align: right;">Page 36</p> <p>1 was your area of responsibility? 2 A. I did not, no. 3 Q. Was there anyone else that you 4 were aware of that was also sending the 5 reports for suspicious orders or orders of 6 interest to the DEA? 7 A. Yes. 8 Q. And who else was that? 9 A. At the time it was my 10 manager/supervisor, Marcie Ranick. 11 Q. And how did you -- is it 12 Ranick? 13 A. Ranick. 14 Q. How did you and Ms. Ranick 15 divide responsibilities over who sent the 16 orders of interest or suspicious orders to 17 the DEA? 18 A. She did it for a period of time 19 before I was in loss prevention, asset 20 protection, and then towards the end of my 21 career, she kind of delegated that role or 22 that responsibility to me. 23 Q. All right. The next bullet on 24 your CV, "Serve as the subject matter expert 25 on all systems, applications and initiatives</p>
<p style="text-align: right;">Page 35</p> <p>1 pharmacy, I was able to provide my expertise 2 as a pharmacy tech to explain the workflow of 3 how a prescription is entered, filled and 4 what that looks like in keystrokes. 5 So if there's anything that 6 diverts from those average keystrokes, I can 7 identify those and bring those to the 8 attention of the local field leadership, who 9 would then perform their either interview or 10 investigation to a specific employee. 11 Q. Okay. Let me go back to the 12 suspicious order reports or the order of 13 interest reports that you were forwarding to 14 the DEA. 15 What -- what years did you -- 16 did you pull those reports? 17 A. I can't recall exactly when. 18 Q. Just generally, what years did 19 you pull those reports? 20 A. It was when I was working in -- 21 towards the later end of my career in loss 22 prevention. So probably 2011, 2012. 23 Q. Have you had an opportunity to 24 review what period of time Walgreens sent 25 those reports to the DEA outside of when that</p>	<p style="text-align: right;">Page 37</p> <p>1 related to the inventory movement and 2 associated functions that can cause and/or 3 monitor pharmacy health/" -- I'm sorry, 4 "pharmacy/health care shrink. That's what it states here, 12 yes. 13 Q. And for the second time on the 14 second page of your CV, you have used the 15 word "expert" to describe your areas of 16 responsibility, correct, sir? 17 A. For those applications, yes. 18 Q. And one of those applications 19 included the DEA requirements, correct, sir? 20 A. That is correct. 21 Q. And, sir, what was your 22 understanding of what the DEA requirements 23 were during your tenure at Walgreens in 24 relation to the prescription of opiate, 25 Schedule II or Schedule III?</p>

<p style="text-align: right;">Page 38</p> <p>1 MR. MOUGEY:</p> <p>7 Q. I'm assuming that while you</p> <p>8 were at Walgreens, you received significant</p> <p>9 training regarding your areas of</p> <p>10 responsibility, but more specifically the DEA</p> <p>11 requirements regarding Schedule II and</p> <p>12 Schedule III narcotics?</p> <p>13 A. I was not.</p> <p>14 Q. You were not trained on what</p> <p>15 the DEA requirements were on Schedule II and</p> <p>16 Schedule III requirements?</p> <p>17 A. I was not.</p> <p>18 Q. And what study or academic</p> <p>19 background do you have that you would</p> <p>20 indicate that you had subject matter</p> <p>21 expertise on DEA requirements?</p> <p>22 A. I have not had any education or</p> <p>23 background regarding those.</p> <p>24 Q. The last bullet point on this</p> <p>25 page, "Serves as a subject matter expert on</p>	<p style="text-align: right;">Page 40</p> <p>1 monitoring and processing?</p> <p>2 A. Yes, in my role that pertains</p> <p>3 to loss prevention and asset protection.</p> <p>4 Q. And in your role as loss</p> <p>5 prevention and asset protection, you had</p> <p>6 day-to-day responsibilities regarding</p> <p>7 Schedule II and Schedule III opiates,</p> <p>8 correct, sir?</p> <p>9 A. Those were part of my daily</p> <p>10 responsibilities, yes.</p> <p>11 Q. If you turn to the first page</p> <p>12 of your CV. Beginning in February of 2013,</p> <p>13 you were promoted to manager of</p> <p>14 pharmaceutical integrity, correct, sir?</p> <p>15 A. That is correct.</p> <p>16 Q. Do you have an understanding of</p> <p>17 why or when the pharmaceutical integrity</p> <p>18 group at Walgreens was created?</p> <p>19 A. I do.</p> <p>20 Q. And why is that?</p> <p>21 A. It was part of the settlement</p> <p>22 agreement with the DEA on the memorandum of</p> <p>23 agreement.</p> <p>24 Q. And when were you informed that</p> <p>25 the pharmaceutical integrity group was being</p>
<p style="text-align: right;">Page 39</p> <p>1 all systems."</p> <p>2 Sitting here today, is that an</p> <p>3 accurate and truthful statement regarding</p> <p>4 your areas of expertise at Walgreens?</p> <p>5 A. In my role, yes, at the time.</p> <p>6 Q. In your role as understanding</p> <p>7 and having an expertise as far as the DEA</p> <p>8 requirements, is that a truthful statement,</p> <p>9 sir?</p> <p>10 A. It is a truthful statement for</p> <p>11 my role in loss prevention, asset protection.</p> <p>12 Q. And is it a truthful statement,</p> <p>13 sir, that you have subject matter expertise</p> <p>14 on regulatory issues and operation policies?</p> <p>15 A. As my role in asset protection,</p> <p>16 loss prevention, yes.</p> <p>17 Q. Is it also a truthful or</p> <p>18 accurate statement, sir, that you have</p> <p>19 subject matter expertise on Walgreens'</p> <p>20 corporate programs?</p> <p>21 A. Those pertain to my role in</p> <p>22 loss prevention, asset protection, yes.</p> <p>23 Q. And, sir, is it also a truthful</p> <p>24 or accurate statement that you have subject</p> <p>25 matter expertise regarding prescription</p>	<p style="text-align: right;">Page 41</p> <p>1 created as a result of the MOA, memorandum of</p> <p>2 agreement?</p> <p>3 A. When was I informed?</p> <p>4 Q. Yes, sir.</p> <p>5 A. I was informed when I joined</p> <p>6 the team.</p> <p>7 Q. All right. So let's walk</p> <p>8 through your areas of responsibility as</p> <p>9 manager of the pharmaceutical integrity -- is</p> <p>10 it a department? Group? What would you</p> <p>11 refer to it as?</p> <p>12 A. Department.</p> <p>13 Q. So your first bullet,</p> <p>14 "Responsible for managing, creating and</p> <p>15 managing controlled substance dispensing,</p> <p>16 monitoring and reporting programs," correct,</p> <p>17 sir?</p> <p>18 A. That is correct.</p> <p>19 Q. Would you please explain what</p> <p>20 you mean by the first bullet?</p> <p>21 A. So our team manages the</p> <p>22 monitoring of controlled substances that are</p> <p>23 going into the pharmacies and out of the</p> <p>24 pharmacies. So we have an application called</p> <p>25 a CSO KPI that handles that for our team. It</p>

6 integrity department?

7 A. I do not believe it was.

8 Q. The second bullet, "Develops,
9 recommends and implements programs,
10 procedures and techniques which will identify
11 and minimize loss of company assets and
12 ensure the safety, compliance and security of
13 the ordering and dispensing of controlled
14 substances," correct, sir?

15 Did I read that right?

16 A. That's correct.

17 Q. Would you please explain what
18 you mean by the second bullet?

19 A. Our team was instrumental in
20 developing our policies and procedures
21 revolving around good faith dispensing and
22 target drug, good faith dispensing policies.

23 Q. Were the good faith dispensing
24 policies in place prior to the implementation
25 of the pharmaceutical integrity department?

Page 43

1 A. It was not. Well, those
2 specific policies and procedures were not in
3 place, but we did have policies regarding
4 good faith dispensing.

5 Q. Would you agree with me, sir,
6 that the policies in place at the
7 implementation of the pharmacy --
8 pharmaceutical integrity department were
9 significantly more robust prior to -- I'm
10 sorry, after the MOA with the DEA?

11 A. They were more robust.

12 Q. Sir, the third bullet,
13 "Responsible for investigating/reporting
14 potential violations of law, regulations or
15 company policy applicable to controlled
16 substances to the appropriate business
17 centers, units and director of pharmaceutical
18 integrity," correct, sir?

19 MR. STOFFELMAYR: Sorry, where
20 are you? The third bullet?

21 MR. MOUGEY: The -- yes.

22 MR. STOFFELMAYR: I'm sorry,
23 okay.

24 QUESTIONS BY MR. MOUGEY:

25 Q. Third bullet, did I read that

1 padlocked by the DEA at this point in time?

2 A. I was not.

3 Q. Were you aware that the DEA had
4 locked the building based on its conclusions
5 that Walgreens continually violated its
6 obligations under the CSA?

7 MR. STOFFELMAYR: Objection to
8 the form.

9 Go ahead.

10 THE WITNESS: Sorry. I was not
11 aware until after I was part of
12 pharmaceutical integrity team.

13 QUESTIONS BY MR. MOUGEY:

14 Q. When you say you were not
15 aware, you were not aware that the DEA locked
16 the distribution center in Jupiter, Florida,
17 so Walgreens could not enter?

18 MR. STOFFELMAYR: Objection to
19 the form.

20 THE WITNESS: That's correct.
21 I was not aware until after I joined
22 the pharmaceutical integrity team.

23 QUESTIONS BY MR. MOUGEY:

24 Q. And after you joined the
25 pharmaceutical integrity treatment discussed

<p style="text-align: right;">Page 198</p> <p>1 in this memorandum of agreement as part of 2 this substantial fine, what were you told by 3 Walgreens about the Jupiter center being 4 locked by the DEA? 5 MR. STOFFELMAYR: Mr. Stahmann, 6 the question is fine. I just want to 7 caution you, and I don't know if this 8 is the case, but if any of what you 9 were told you were told by lawyers for 10 the company or people passing on 11 information from lawyers to the 12 company, don't go into that. We can 13 sort that out. 14 Go ahead and answer the 15 question with that caveat. 16 THE WITNESS: So I was told by 17 my supervisor why the DEA came and 18 closed down the Jupiter Distribution 19 Center. 20 QUESTIONS BY MR. MOUGEY: 21 Q. And what was that explanation? 22 A. That they had some concerns 23 about our distribution or dispensing of 24 controlled substances. 25 Q. And were you told that it was</p>	<p style="text-align: right;">Page 200</p> <p>1 Registration." 2 A. I see it. 3 Q. It's titled "Order to Show 4 Cause and Immediate Suspension of 5 Registration." 6 Do you see that? 7 A. I do. 8 Q. And under Notice, "It's hereby 9 given to inform Walgreen Corporation of the 10 immediate suspensions of Drug Enforcement 11 Administration certificate of registration," 12 provides a number, "pursuant to US Code, 13 because such registration constitutes an 14 imminent danger to the public health and 15 safety." 16 Do you see that, sir? 17 A. I do. 18 Q. Were you aware that the DEA had 19 concluded that the Jupiter Distribution 20 Center constituted an imminent danger to 21 public health and safety? 22 A. At some point in my time with 23 pharmaceutical integrity, yes, I was made 24 aware. 25 Q. And you understand that as part</p>
<p style="text-align: right;">Page 199</p> <p>1 closed down, or were you told that it was put 2 under lock and key by the DEA excluding 3 Walgreens from their own distribution center? 4 A. I don't recall the exact words 5 that were used. 6 Q. Any description, closed down 7 versus that it was locked up by the DEA. Was 8 anybody -- did anybody explain that to you 9 from Walgreens? 10 MR. STOFFELMAYR: Objection to 11 the form. 12 THE WITNESS: Again, yeah. No, 13 I don't remember the specific words 14 that were used. 15 QUESTIONS BY MR. MOUGEY: 16 Q. And I'm not asking you if you 17 remember the specific words. 18 Did anybody from Walgreens tell 19 you that the Jupiter Distribution Center had 20 been locked up by the DEA? 21 A. Not in so many words, but, yes. 22 Q. Sir, please turn to page 23, if 23 you aren't there already. 24 It's titled "Order to Show 25 Cause and Immediate Suspension of</p>	<p style="text-align: right;">Page 201</p> <p>1 of this order to show cause and immediate 2 suspension, that the DEA was suspending the 3 Jupiter Distribution Center's license to 4 distribute controlled substances, correct? 5 A. Yes, I was made aware. 6 Q. And under paragraph 1, DEA 7 explains that "Walgreens operates more than 8 7,800 Walgreens retail pharmacies in the 9 United States," correct, sir? 10 A. I don't recall how many at the 11 time. I know we're -- that that number has 12 changed. 13 Q. Do you understand -- well, 14 let's put it this way. There's several 15 thousand Walgreens across the country, 16 correct, sir? 17 A. That is correct. 18 Q. Do you understand what the word 19 "systemic" means? 20 A. I do. 21 Q. What does the word "systemic" 22 mean? 23 A. Pertaining to a system. 24 Q. Meaning that the entire system 25 has problems; it's a systemic problem,</p>

MOUGEY:</p> <p>10 Q. Did anyone at Walgreens as part</p> <p>11 of the pharmaceutical integrity department</p> <p>12 advise you that there were systemic problems</p> <p>13 according to the DEA and with Walgreens'</p> <p>14 system?</p> <p>15 A. No.</p> <p>16 Q. At any point in time ever in</p> <p>17 pharmaceutical -- your experience in</p> <p>18 pharmaceutical integrity department, did</p> <p>19 anyone advise you the DEA believed there were</p> <p>20 systemic problems with Walgreens' performance</p> <p>21 and obligations under the CSA?</p> <p>22 A. No.</p> <p>23 Q. Sir, if you turn to page 11.</p> <p>24 MR. MOUGEY: I'm sorry. I said</p> <p>25 11, I meant 33. I apologize, page 33.</p>	<p>1 QUESTIONS BY MR. MOUGEY:</p> <p>2 Q. As part of your job description</p> <p>3 where you are designing and implementing new</p> <p>4 policies and procedures to avoid diversion,</p> <p>5 don't you think it would have been important</p> <p>6 for you to understand the belief --</p> <p>7 understand that DEA believed there were</p> <p>8 systemic shortcomings with Walgreens' system?</p> <p>9 A. That is valuable information,</p> <p>10 yes.</p> <p>11 Q. If you would, sir, please turn</p> <p>12 back to page 23 and 24, and let me direct</p> <p>13 your attention to paragraph 2. "Since at</p> <p>14 least 2009" --</p> <p>15 Do you see that, sir?</p> <p>16 A. <p>1 MR. STOFFELMAYR: 3 as in the</p> <p>2 small numbers in the lower right?</p> <p>3 MR. MOUGEY: The small numbers,</p> <p>4 yes.</p> <p>5 QUESTIONS BY MR. MOUGEY:</p> <p>6 Q. I do.</p> <p>16 Q. Don't you think that if the DEA</p> <p>17 believed there were systemic shortcomings</p> <p>18 with Walgreens, that as a manager in the</p> <p>19 pharmaceutical integrity department you would</p> <p>20 have been advised of that fact?</p> <p>21 MR. STOFFELMAYR: Objection to</p> <p>22 the form.</p> <p>23 THE WITNESS: I do not know</p> <p>24 what the DEA was thinking.</p> <p>25</p>	<p>1 Q. "In July of 2011, the Florida</p> <p>2 Surgeon General declared a public health</p> <p>3 emergency based on the prescription pill</p> <p>4 epidemic which resulted in an average of</p> <p>5 seven overdose deaths per day in Florida."</p> <p>6 Do you see that, sir?</p> <p>7 A. I do.</p> <p>8 Q. Yet you weren't advised by</p> <p>9 Walgreens management of the opiate epidemic</p> <p>10 in the State of Florida before you started</p> <p>11 the pharmaceutical integrity department,</p> <p>12 correct, sir?</p> <p>13 A. Correct.</p> <p>14 Q. Now, sir, do you have any</p> <p>15 understanding of whether or not there was a</p> <p>16 problem with pills, Schedule II and III</p> <p>17 narcotics, being diverted out of Florida</p> <p>18 pharmacies into other states?</p> <p>19 A. I am not aware, no, or was not</p> <p>20 aware.</p> <p>21 Q. Even sitting here today, were</p> <p>22 you aware that Schedule II and III narcotics</p> <p>23 were being diverted from Florida pharmacies</p> <p>24 into other states?</p> <p>25 MR. <p>1 the form.</p> <p>2 THE WITNESS: Can you define</p> <p>3 diversion for me, your definition of</p> <p>4 diversion?</p> <p>5 QUESTIONS BY MR. MOUGEY:</p> <p>6 Q. You want me to define diversion</p> <p>7 for you?</p> <p>8 A. Because it can mean so many</p> <p>9 different things. That's why I'm asking.</p> <p>10 Q. Pills that are not ending up in</p> <p>11 a legitimate home and out into the stream of</p> <p>12 commerce. Did -- that pills were being</p> <p>13 diverted from legitimate patients into the</p> <p>14 hands of kids, that were being diverted into</p> <p>15 the hands of drug dealers and making their</p> <p>16 way into other states.</p> <p>17 MR. STOFFELMAYR: Objection to</p> <p>18 the form.</p> <p>19 THE WITNESS: So are you asking</p> <p>20 me if I was aware that that was</p> <p>21 happening?</p> <p>22 QUESTIONS BY MR. MOUGEY:</p> <p>23 Q. Yes, sir.</p> <p>24 A. Yes, I was aware that people</p> <p>25 were using opioid medications not for their</p>	<p>1 narcotics?</p> <p>2 MR. STOFFELMAYR: Objection to</p> <p>3 the form.</p> <p>4 THE WITNESS: I personally did</p> <p>5 not, no.</p> <p>6 QUESTIONS BY MR. MOUGEY:</p> <p>7 Q. You never went back and looked</p> <p>8 prior to '13 what Walgreens was doing prior</p> <p>9 to the agreed-upon creation of the</p> <p>10 pharmaceutical integrity department?</p> <p>11 A. That was not part of my role,</p> <p>12 so, no, I did not.</p> <p>13 Q. Did you ask anybody, Well, what</p> <p>14 were we doing before the pharmaceutical</p> <p>15 integrity department was created by agreement</p> <p>16 between the DEA and Walgreens?</p> <p>17 A. I did not.</p> <p>18 Q. You never went back and looked</p> <p>19 at the systems in place to avoid diversion</p> <p>20 prior to you starting in the pharmaceutical</p> <p>21 integrity department?</p> <p>22 MR. STOFFELMAYR: Objection to</p> <p>23 the form.</p> <p>24 Go ahead.</p> <p>25 THE WITNESS: That was not part</p>

<p>1 intended use.</p> <p>2 Q. And not just for -- not just</p> <p>3 for their intended use, but were you aware</p> <p>4 that Florida was the epicenter of a notorious</p> <p>5 well-documented epidemic of description drug</p> <p>6 abuse, and those pills were migrating to</p> <p>7 other states?</p> <p>8 A. I was made aware of that during</p> <p>9 my time in pharmaceutical integrity.</p> <p>10 Q. So not until 2013?</p> <p>11 A. Correct.</p> <p>12 Q. And, sir, what were you told by</p> <p>13 Walgreens about the migration of pills from</p> <p>14 Florida pharmacies into other states?</p> <p>15 A. We were made aware of some of</p> <p>16 the drug-seeking behavior of some of the</p> <p>17 patients and how -- some of the techniques</p> <p>18 that they use to obtain prescriptions not for</p> <p>19 a legitimate medical purpose and made aware</p> <p>20 of some prescribers that were not writing</p> <p>21 prescriptions for legitimate medical purpose.</p> <p>22 Q. So at that point in time, in</p> <p>23 2013, did you make a study or analyze the</p> <p>24 systems set in place at Walgreens to minimize</p> <p>25 or avoid the diversion of Schedule II and III</p>	<p>1 of my role, no.</p> <p>2 QUESTIONS BY MR. MOUGEY:</p> <p>3 Q. Have you ever looked through</p> <p>4 this document that I have in front of you and</p> <p>5 identified the discussion about the migration</p> <p>6 of pills from Florida pharmacies to other</p> <p>7 states?</p> <p>8 A. No.</p> <p>9 Q. Are you aware of how big a</p> <p>10 problem it was in Florida that pills were</p> <p>11 migrating from Florida pharmacies to other</p> <p>12 states?</p> <p>13 A. I was not aware of the size of</p> <p>14 the problem, no.</p> <p>15 Q. If you would, sir, please turn</p> <p>16 to page 41, and it says, "Summary of</p> <p>17 testimony." It's the Deputy Assistant</p> <p>18 Administrator, Joseph Rannazzisi, says he's</p> <p>19 from the DEA.</p> <p>20 Do you see that, sir?</p> <p>21 A. Yes.</p> <p>22 Q. And, sir, this is a submission</p> <p>23 from the government's prehearing statement.</p> <p>24 Do you see that, sir?</p> <p>25 A. I do.</p>

Page 210	Page 212
<p>1 Q. And do you know who</p> <p>2 Mr. Rannazzisi is?</p> <p>3 A. Just according to what he puts</p> <p>4 under his title, so I get -- yes.</p> <p>5 Q. Let's look at the last sentence</p> <p>6 of the second paragraph. It says, "Each year</p> <p>7 roughly 5.1 million people abuse narcotic</p> <p>8 pain relievers in the United States."</p> <p>9 Do you see that, sir?</p> <p>10 A. I do.</p> <p>11 Q. And, sir, you've heard the</p> <p>12 saying that a chain is only as strong as its</p> <p>13 weakest link, correct, sir?</p> <p>14 A. I have heard that.</p> <p>15 Q. So meaning that if the strength</p> <p>16 of the chain is only going to be able to</p> <p>17 handle the pressure as the weakest link in</p> <p>18 the chain, correct?</p> <p>19 A. I have heard that, yes.</p> <p>20 Q. So if there's a hole or a soft</p> <p>21 spot in the Walgreens pharmacies, the</p> <p>22 diversion efforts are only as good as the</p> <p>23 softest or weakest distribution --</p> <p>24 pharmacies, correct, sir?</p> <p>25 MR. You did.</p> <p>7 Q. And Mr. Rannazzisi goes on to</p> <p>8 testify that, "Florida is the epicenter for</p> <p>9 these illegal pain clinics."</p> <p>10 Do you see that, sir?</p> <p>11 A. Yes.</p> <p>12 Q. "DEA state and local law</p> <p>13 enforcement investigations reveal that</p> <p>14 thousands of drug seekers flocked these</p> <p>15 Florida-based pain clinics to obtain their</p> <p>16 supply of oxycodone."</p> <p>17 Do you see that, sir?</p> <p>18 A. I do.</p> <p>19 Q. And if you go on to the next --</p> <p>20 sir, turn to page 128.</p> <p>21 A. 128?</p> <p>22 Q. 128, which is in Appendix C,</p> <p>23 and this is a summary of the testimony of</p> <p>24 Ms. Langston, diversion program manager in</p> <p>25 the Miami field division.</p>

Yes, sir.</p> <p>7 Because you think that's a</p> <p>8 reach? You think that I'm just speculating</p> <p>9 that the -- that the pharmacy -- that</p> <p>10 Walmart -- I'm sorry, Walgreens Pharmacy is</p> <p>11 only as strong as its weakest pharmacy?</p> <p>12 A. Yeah, again, I cannot agree to</p> <p>13 that assumption.</p> <p>14 Q. Yes, sir.</p> <p>15 Am I speculating -- do you</p> <p>16 think I'm speculating when I'm making that</p> <p>17 statement?</p> <p>18 MR. I do.</p> <p>10 Q. "She will testify that</p> <p>11 Walgreens 03629's dispensing to out-of-state</p> <p>12 customers is particularly problematic when</p> <p>13 one considers information developed by DEA</p> <p>14 that is a result of long-standing</p> <p>15 prescription monitoring programs in Kentucky</p> <p>16 and Ohio, and with the increased difficulty</p> <p>17 in obtaining controlled substances from</p> <p>18 licensed physicians in these jurisdictions,</p> <p>19 many individuals have found creative ways to</p> <p>20 circumvent state prescription monitoring</p> <p>21 programs."</p> <p>22 Do you see that, sir?</p> <p>23 A. Yes.</p> <p>24 Q. Did you have an understanding</p> <p>25 during your tenure at Walgreens that addicts</p>

<p>1 were seeking pills in states that did not</p> <p>2 have monitoring programs mandated by the</p> <p>3 states?</p> <p>4 A. Yes.</p> <p>5 Q. And they go on in page 129, "As</p> <p>6 a result of the restricted access to</p> <p>7 controlled substances in their states, many</p> <p>8 individuals from Ohio, Kentucky and other</p> <p>9 states have traveled by the carloads to pain</p> <p>10 clinics located in Florida to obtain</p> <p>11 prescriptions for oxycodone."</p> <p>12 Do you see that, sir?</p> <p>13 MR. So it's impossible to simply</p> <p>19 say, Well, this is a Florida problem,</p> <p>20 confined to Florida, because it was crystal</p> <p>21 clear that pills were migrating to other</p> <p>22 states from the weakest pharmacies, correct,</p> <p>23 sir?</p> <p>24 MR. STOFFELMAYR: Objection to</p> <p>25 the form. Foundation.</p>	<p>1 QUESTIONS BY MR. MOUGEY:</p> <p>2 Q. Yes, sir, I understand that.</p> <p>3 Do you understand, though, sir,</p> <p>4 that -- that part of the diversion issue in</p> <p>5 Florida was carloads of addicts traveling to</p> <p>6 pharmacies that were dispensing Schedule II</p> <p>7 and Schedule III narcotics?</p> <p>8 MR. Yes, sir.</p> <p>15 And during your time at</p> <p>16 Walgreens, did you ever perform any analysis</p> <p>17 to try to identify suspicious orders that</p> <p>18 would point to red flags with addicts coming</p> <p>19 from out of town by the carloads?</p> <p>20 A. Do you know of anyone that was</p> <p>22 performing any analysis of all of the data</p> <p>23 maintained by Walgreens to identify</p> <p>24 suspicious orders from addicts traveling from</p> <p>25 foreign states to secure Schedule II and</p>
Page 215	Page 217
<p>1 THE WITNESS: Yeah. I can't</p> <p>2 speculate that or agree with that</p> <p>3 statement.</p> <p>4 QUESTIONS BY MR. MOUGEY:</p> <p>5 Q. You understand that as of</p> <p>6 January 9, 2013, the date of this summary of</p> <p>7 testimony, that the DEA was relaying that</p> <p>8 they had uncovered evidence that pills were</p> <p>9 migrating to other states for addicts</p> <p>10 traveling by the carloads, correct, sir?</p> <p>11 MR. STOFFELMAYR: Objection to</p> <p>12 the form.</p> <p>13 THE WITNESS: I do see that,</p> <p>14 that that's what they're implying,</p> <p>15 yes.</p> <p>16 QUESTIONS BY MR. MOUGEY:</p> <p>17 Q. And, sir, you understand that</p> <p>18 that is why the CSA required that due</p> <p>19 diligence was performed on suspicious orders</p> <p>20 before they were shipped, correct, sir?</p> <p>21 MR. STOFFELMAYR: Objection to</p> <p>22 form. Foundation.</p> <p>23 THE WITNESS: I don't know the</p> <p>24 definition or interpretation of the</p> <p>25 regs or the CSA.</p>	<p>1 Schedule III narcotics in Florida pharmacies?</p> <p>2 A. I do not know how the data</p> <p>3 would be able to identify an addict versus</p> <p>4 someone who is a snowbird.</p> <p>5 Q. Well, wouldn't it be relatively</p> <p>6 easy to look at Walgreens' prescription data</p> <p>7 to identify out of state customers?</p> <p>8 A. It is.</p> <p>9 Q. It would be relatively simple,</p> <p>10 wouldn't it?</p> <p>11 A. It is.</p> <p>12 Q. It would be relatively simple</p> <p>13 to have a data pull with the ages of those</p> <p>14 customers, correct?</p> <p>15 A. That can be done, yes.</p> <p>16 Q. And it would also be relatively</p> <p>17 simple to pull the doctors that wrote the</p> <p>18 prescriptions for these potential red flags,</p> <p>19 correct, sir?</p> <p>20 A. It is easy to pull prescriber</p> <p>21 information, yeah.</p> <p>22 Q. So if you had a number of pill</p> <p>23 seekers coming from a foreign jurisdiction,</p> <p>24 they'd have to present their driver's license</p> <p>25 at Walgreens, correct, sir?</p>

2 Q. Yes, sir. And exactly right.
3 So let me redo that.
4 You would agree with me, sir,
5 that Stahlmann 8, Bates number 007 and 008,
6 pharmacists at Walgreens were bonused based
7 on the amount of prescriptions they filled,
8 correct, sir?
9 A. Total amount of prescriptions
10 they filled, yes.
11 Q. Yes, sir.
12 And you would agree with me
13 that when the pharmacist was making a
14 decision whether or not to fill a
15 prescription of Schedule II and III narcotics
16 for a pill seeker, that this was a financial
17 conflict of interest?
18 MR. STOFFELMAYR: Objection to
19 the form. Foundation.
20 THE WITNESS: I can't speak on
21 behalf of the pharmacists if the
22 decision whether or not to fill a
23 prescription was based off their
24 financial conflict of interests.

2 QUESTIONS BY MR. MOUGEY:
3 Q. Thank you.
4 And you'll agree with me, sir,
5 on page 12 of Stahlmann 6, that beginning in
6 2014 Walgreens will exclude any accounting
7 for controlled substance prescriptions
8 dispensed by a particular pharmacy from bonus
9 computations for pharmacists and pharmacy
10 technicians at the pharmacy, correct, sir?
11 A. I do see that.
12 Q. And the document I just put in
13 front of you, sir, Stahlmann 8, is an example
14 of the bonus calculation for pharmacists at
15 Walgreens, correct, sir?
16 A. I believe that's what it is,
17 yes. I don't know if it's the current one --
18 but it is --
19 Q. It's one of them, correct, sir?
20 A. It's one of them.
21 Q. And you can see based on Bates
22 number WAG08, that pharmacists were bonused

18 QUESTIONS BY MR. MOUGEY:
19 Q. Do pharmacists get paid if they

22 A. Yes.

<p>1 If you would, sir, please turn to page 77. I 2 apologize. I just missed -- now I figured 3 out what I did. If you can go back to the -- 4 MR. STOFFELMAYR: Sorry, what 5 page? 6 MR. MOUGEY: Page 26. 7 QUESTIONS BY MR. MOUGEY: 8 Q. All right. Paragraph 9 on 9 page 26, begins with "Respondent's practice"? 10 A. I'm there. 11 Q. Okay. "Respondent's practice 12 with regard to suspicious order reporting was 13 to send to the local DEA field office a 14 monthly report labeled 'suspicious controlled 15 drug orders.'" 16 Do you see that, sir? 17 A. Yes. 18 Q. Do you have reason to believe 19 that the suspicious controlled drug orders 20 were the reports that you were burning on a 21 CD and sending out? 22 A. Yes, I believe that's what this 23 is referring to. 24 Q. Those were the reports you were 25 sending out?</p>	<p>1 A. During a certain time frame, 2 yes. 3 Q. Did you store those reports 4 anywhere that you had access to them or any 5 sampling of those reports? 6 A. I may have had some stored in 7 my e-mail. 8 Q. Some stored in your e-mail? 9 A. Yes. 10 Q. Do you -- how far back does 11 your -- do you not delete e-mails? 12 A. It cannot, no. Part of my 13 e-mails are on legal hold. 14 Q. Do you know how long they have 15 been on legal hold? 16 A. Various times. There's been 17 gaps, but probably ever since I started in 18 loss prevention, there's been periods on and 19 off of being on legal hold. 20 Q. So you started in loss 21 prevention in 2012? 22 A. That sounds about right, yes. 23 Q. Okay. So in 2012, was it your 24 practice that as you pulled and sent those 25 suspicious order reports to store them</p>
Page 279	Page 281
<p>1 A. Yes. 2 Q. And how do you know those were 3 the reports you were sending out? 4 A. Because the title of the 5 reports were labeled "suspicious controlled 6 substance orders," I believe. 7 Q. Okay. Now, do you know if you 8 have access to those historical order reports 9 that you sent to the DEA? 10 A. Access to those reports now? 11 Q. Yes, sir. 12 A. I do not know if we have 13 access. I know we were -- we can produce one 14 of the reports, but I do not know historical 15 access or if they're automatically purged 16 during a certain time frame. 17 Q. Do you -- are you aware in 2017 18 of whether or not you could pull those 19 suspicious order reports that you were 20 sending to the DEA? 21 A. In 2017, I believe we were 22 unable to pull those reports. 23 Q. You were unable to pull those 24 reports? 25 Did you --</p>	<p>1 anywhere? 2 A. No, because they were -- since 3 they were burned on a CD, the only storage of 4 those were on that Mobius application. 5 Q. Okay. And do you have an 6 understanding of what period of time is still 7 on the Mobius application as far as the 8 suspicious order reports? 9 A. I do not know. 10 Q. Do you have an estimate of what 11 period in time? 12 A. I don't. I don't know if or 13 when they're purged or if there's an 14 automatic purging time frame. 15 (Walgreens-Stahmann Exhibit 9 16 marked for identification.) 17 QUESTIONS BY MR. MOUGEY: 18 Q. I'll hand you what I've -- I'll 19 mark as Stahmann Exhibit 9. 20 Do you see this is an e-mail 21 from yourself to yourself? 22 Do you see that? 23 A. I do. 24 Q. And the subject is "CD 25 orders-2."</p>

<p style="text-align: right;">Page 282</p> <p>1 A. I see that.</p> <p>2 Q. What does that mean?</p> <p>3 A. I can't recall why -- what that</p> <p>4 subject means.</p> <p>5 Q. All right. And the date of</p> <p>6 this e-mail is August 16, 2017, correct?</p> <p>7 A. That is correct.</p> <p>8 Q. And if you would flip the page,</p> <p>9 does this appear to be the suspicious order</p> <p>10 report that you were responsible for pulling,</p> <p>11 burning on a CD and sending to the DEA, along</p> <p>12 with the distribution centers?</p> <p>13 A. This does appear to be one of</p> <p>14 those reports, yes.</p> <p>15 Q. Okay. Was it -- are there</p> <p>16 different kinds of reports, or was this the</p> <p>17 suspicious controlled drug orders that DEA</p> <p>18 mentions in page 26 of Stahmann 6?</p> <p>19 A. I believe this is one of the</p> <p>20 reports. There may have been a -- there</p> <p>21 may -- the reports may have been broken down</p> <p>22 by area so we would know who to send to.</p> <p>23 Q. You see in the</p> <p>24 bottom left-hand side of this page where it</p> <p>25 says, "Report available in Mobius."</p>	<p style="text-align: right;">Page 284</p> <p>1 pull the data, correct?</p> <p>2 A. At one time, yes.</p> <p>3 Q. And I'm talking about in August</p> <p>4 of 2017. Did you have to access Mobius to</p> <p>5 pull the data?</p> <p>6 A. No, because I was unable to.</p> <p>7 Q. Okay. So but you tried?</p> <p>8 A. We definitely looked into it,</p> <p>9 yes.</p> <p>10 Q. All right. So where do you</p> <p>11 believe that you found this report?</p> <p>12 A. I can't recall exactly how.</p> <p>13 Q. And you didn't store these</p> <p>14 reports as you sent them or keep them in a</p> <p>15 file or anything along those lines?</p> <p>16 A. No, they were just burned on a</p> <p>17 CD, so it's possible that I had a copy of a</p> <p>18 CD and then e-mailed me that -- the data from</p> <p>19 the CD.</p> <p>20 Q. Who e-mailed you the data from</p> <p>21 the CD?</p> <p>22 A. I could have e-mailed myself,</p> <p>23 so just -- I don't know exactly, but that's</p> <p>24 how I'm envisioning this could have went.</p> <p>25 Q. And I'm sorry if I'm being slow</p>
<p style="text-align: right;">Page 283</p> <p>1 A. Yes.</p> <p>2 Q. And did you in August of 2017</p> <p>3 go on Mobius and pull this report?</p> <p>4 A. No.</p> <p>5 Q. All right. Where do you think</p> <p>6 you found this report?</p> <p>7 A. To be complete -- I can't say</p> <p>8 for certain, but I think I pulled this from</p> <p>9 an e-mail that I may have sent out in</p> <p>10 preparation or for -- due to a legal ask.</p> <p>11 They asked if I could --</p> <p>12 MR. STOFFELMAYR: Stop.</p> <p>13 Don't -- don't get into what anyone</p> <p>14 asked you legally.</p> <p>15 QUESTIONS BY MR. MOUGEY:</p> <p>16 Q. Why did you send it to</p> <p>17 yourself?</p> <p>18 A. I think that was the only way</p> <p>19 that I can get that data.</p> <p>20 Q. Where was the data when you</p> <p>21 pulled it?</p> <p>22 A. It was stored -- I don't</p> <p>23 remember, but the data resides in Mobius.</p> <p>24 Q. Right.</p> <p>25 So you had to access Mobius to</p>	<p style="text-align: right;">Page 285</p> <p>1 here, but -- so you found this report, you</p> <p>2 believe, in an old e-mail?</p> <p>3 MR. STOFFELMAYR: Objection to</p> <p>4 the form.</p> <p>5 THE WITNESS: I believe I found</p> <p>6 the report on an old CD and then</p> <p>7 transferred the file to myself via</p> <p>8 e-mail.</p> <p>9 QUESTIONS BY MR. MOUGEY:</p> <p>10 Q. Okay. So you had no practice</p> <p>11 of filing or storing the CDs as you burned</p> <p>12 them and sent them to the DEA?</p> <p>13 A. No.</p> <p>14 Q. If you ever wanted to go back</p> <p>15 and look at historical suspicious orders, how</p> <p>16 would you do it?</p> <p>17 MR. STOFFELMAYR: Objection to</p> <p>18 the form.</p> <p>19 THE WITNESS: At the time, you</p> <p>20 can -- we could have went back in</p> <p>21 Mobius to look at the data that was</p> <p>22 currently stored or not purged in</p> <p>23 Mobius.</p> <p>24 QUESTIONS BY MR. MOUGEY:</p> <p>25 Q. Okay. So up to what point in</p>

Highly Confidential - Subject to Further Confidentiality Review

<p style="text-align: right;">Page 286</p> <p>1 time could you access Mobius and pull 2 historical suspicious controlled drug orders? 3 A. Personally, it was up until the 4 time that I left asset protection. My access 5 was taken away once I transferred to 6 pharmaceutical integrity. 7 Q. So you're not saying that the 8 reports were purged, but you just didn't have 9 any access? 10 A. I personally did not have 11 access, no. 12 Q. Now, help me to understand 13 that, because you went to and moved to the 14 pharmaceutical integrity department that was 15 responsible for overseeing diversion. 16 Why would you not have access 17 to the platform with the suspicious order 18 reports? 19 MR. STOFFELMAYR: Objection to 20 the form. Foundation. 21 THE WITNESS: When I 22 transferred to RX integrity, we were 23 not reporting suspicious orders via 24 those CDs and Mobius. 25</p>	<p style="text-align: right;">Page 288</p> <p>1 look at it? Do I have three pages or 3,000 2 pages or 18? 3 You had no -- you didn't look 4 at it for any content or what was -- what was 5 in the report? 6 A. I did not look at the content. 7 I may have looked to see -- if only three 8 pages transferred to the CD, then I knew 9 there was something wrong with the data. 10 Q. What was the scope of 11 nationally where you were pulling these 12 suspicious order reports from? 13 A. What do you mean by "scope"? 14 Q. I mean, did you -- was it for 15 every state? Every region? 16 A. They were for the chain length. 17 It was for all of Walgreens. 18 Q. The entire Walgreens? 19 A. Correct. 20 Q. And where would you send them? 21 What DEA would you send them to? 22 A. We would send them to all the 23 local DEA offices that had their office 24 listings on the DEA web page and then also to 25 our individual distribution centers.</p>
<p style="text-align: right;">Page 287</p> <p>1 QUESTIONS BY MR. MOUGEY: 2 Q. But if you wanted historical 3 data to go back and look at patterns, would 4 that not have been helpful? 5 A. Our team did not look at the 6 historical suspicious orders. 7 Q. Walk me through a couple 8 samples of -- what I've done here is this is 9 an approximately 25,000-page report. 10 Okay? 11 So is that consistent with your 12 recollection of what you were burning onto a 13 CD and sending to the DEA once a month? 14 A. To be honest, I cannot 15 recollect how large the files were or 16 page-wise. I just basically burned the data 17 on a CD and sent it off. I didn't dive into 18 each individual report or CD, so I don't know 19 if this is a -- 20 Q. Did you even look at it? 21 A. I would look at it briefly, but 22 just to see if the data transferred to the 23 CD, but that's about the extent. 24 Q. But in order to know if it 25 transferred to the CD, wouldn't you have to</p>	<p style="text-align: right;">Page 289</p> <p>1 Q. All right. So you would send 2 the entire country suspicious controlled drug 3 orders to every DEA field office? 4 A. That is correct. 5 Q. And now, let's go back to 6 page 26 of Stahmann 6. 7 Okay? 8 It says, "Respondent's practice 9 with" -- I'm sorry. 10 MR. STOFFELMAYR: Give me a 11 second. 12 MR. MOUGEY: Yeah, my bad. 13 MR. STOFFELMAYR: Got it. Are 14 you there? 15 MR. MOUGEY: Are you there? 16 THE WITNESS: Yep. Okay. 17 QUESTIONS BY MR. MOUGEY: 18 Q. Page 626, paragraph 9, 19 "Respondent's practice with regard to 20 suspicious order reporting was to send to the 21 local DEA field office a monthly report 22 labeled 'Suspicious Drug Controlled Orders.' 23 Two reports were provided: One for 24 suspicious orders of Schedule II drugs; 25 another for suspicious orders of drugs in</p>

<p>1 Schedules III and V. These reports were 2 transmitted on respondent's behalf from 3 Walgreens corporate headquarters in 4 Deerfield, Illinois." 5 So you think for the period of 6 time that you were responsible, that's you 7 sending those out? 8 A. Yes. 9 Q. And respondent's suspicious 10 order report for December 2011 appears to 11 include suspicious orders placed by its 12 customers for the past six months, okay? 13 But you don't have any 14 recollection of what time scope you were 15 pulling the suspicious control orders, 16 correct? 17 MR. STOFFELMAYR: Objection to 18 form. 19 THE WITNESS: I was only tasked 20 to pull the reports monthly, so I do 21 not know how much information was 22 contained on those reports. 23 QUESTIONS BY MR. MOUGEY: 24 Q. The report for just suspicious 25 orders of Schedule II drugs is 1,712 pages.</p>	<p>1 letters, tell me what exhibit number that is. 2 I think it's 5, Stahmann 5. 3 A. Got it. 4 Q. Got it? 5 A. Yep. 6 Q. Okay. Look at the paragraph 7 that begins with "registrants" and the very 8 last paragraph of Stahmann 5 dated June 12, 9 2012. 10 A. I see that. 11 Q. "Registrants who rely on rigid 12 formulas to identify whether an order is 13 suspicious may fail to detect suspicious 14 orders," right? 15 A. I do see that. 16 Q. "For example, this system might 17 not identify suspicious orders placed by a 18 pharmacy if that pharmacy placed unusually 19 large orders from the beginning." 20 That makes sense, right? 21 MR. STOFFELMAYR: Objection to 22 the form. 23 THE WITNESS: I don't know if 24 that makes sense in the context it's 25 used because that doesn't necessarily</p>
Page 291	Page 293
<p>1 Do you see that? 2 A. I do. 3 Q. That's a lot of pages with a 4 lot of suspicious orders, right? 5 MR. STOFFELMAYR: Objection to 6 form. 7 THE WITNESS: It's a lot of 8 pages. I don't know if each one of 9 those orders is a, quote/unquote, 10 suspicious order. 11 QUESTIONS BY MR. MOUGEY: 12 Q. And sitting here today, you 13 don't know what the formula was for 14 identifying suspicious orders, do you? 15 A. That is correct. 16 Q. Now, you recall our going 17 through the DEA letters earlier that a rigid 18 formula is not really helpful with 19 identifying suspicious orders, correct? 20 MR. STOFFELMAYR: Objection to 21 form. Foundation. 22 THE WITNESS: I don't recall 23 those exact words being used. 24 QUESTIONS BY MR. MOUGEY: 25 Q. If you'd go back to the DEA</p>	<p>1 mean that because a pharmacy placed 2 large orders that are suspicious or 3 that since they were placing large 4 orders from the beginning we weren't 5 able to detect suspicious orders. 6 QUESTIONS BY MR. MOUGEY: 7 Q. Well, it's not categorical, but 8 the point of this process with suspicious 9 order reporting was to identify red flags, 10 right? 11 MR. STOFFELMAYR: Objection to 12 the form. 13 THE WITNESS: The purpose of 14 the suspicious order report is to 15 report based off of a formula orders 16 of interest that could lead to 17 suspicious orders. 18 QUESTIONS BY MR. MOUGEY: 19 Q. And then perform due diligence 20 on those orders before they were shipped as 21 we went through earlier, correct? 22 MR. STOFFELMAYR: Objection to 23 form. 24 THE WITNESS: Due diligence was 25 performed, to my knowledge, don't know</p>

MOUGEY:</p> <p>12 Q. And I'm not asking you who was</p> <p>13 responsible. What I'm asking is what the</p> <p>14 requirement was, and the due diligence was</p> <p>15 performed prior to the shipment being</p> <p>16 actually -- the order being shipped, correct?</p> <p>17 MR. Yeah.</p> <p>8 Q. Stahmann 9, if you go to Bates</p> <p>9 number 380, top of that page is titled "Sales</p> <p>10 District 277."</p> <p>11 A. Yes.</p> <p>12 MR. STOFFELMAYR: I'm sorry,</p> <p>13 give me a second to catch up. It's</p> <p>14 380 at the bottom?</p> <p>15 Okay. I got it figured out</p> <p>16 now.</p> <p>17 QUESTIONS BY MR. MOUGEY:</p> <p>18 Q. And then you can see below, you</p> <p>23 see the NDC number?</p> <p>24 A. I do.</p> <p>25 Q. What's the NDC number mean?</p>
<p style="text-align: right;">Page 295</p> <p>1 sentence underneath paragraph 9 on the</p> <p>2 right-hand side says, "The reports are based</p> <p>3 on a formula that assigns an average monthly</p> <p>4 order for a particular drug" --</p> <p>5 MR. "The reports are based on a</p> <p>15 formula that assigns an average monthly order</p> <p>16 for a particular drug which is then</p> <p>17 multiplied by a DEA factor, which is always</p> <p>18 three regardless of the drug or the average</p> <p>19 order amount, resulting in a trigger amount</p> <p>20 above which orders for the month are reported</p> <p>21 as suspicious, along with a listing of all</p> <p>22 orders placed for the particular drug by the</p> <p>23 reported pharmacy for the month in which the</p> <p>24 trigger amount was exceeded."</p> <p>25 Do you see that?</p>	<p style="text-align: right;">Page 297</p> <p>1 A. It is an identifying number.</p> <p>2 It's a national -- I forgot what the acronym</p> <p>3 means, but it's basically a way to identify a</p> <p>4 certain product.</p> <p>5 Q. And --</p> <p>6 A. It's national drug code.</p> <p>7 Q. And you can see below or</p> <p>8 adjacent to that, 6, which is the oxycodone,</p> <p>9 6 times 3 is 18.</p> <p>10 Do you see that?</p> <p>11 A. I see that.</p> <p>12 Q. But as you were shipping these</p> <p>13 reports on CDs to the DEA, you didn't know</p> <p>14 what the multiplier DEA factor was, correct?</p> <p>15 MR. STOFFELMAYR: Objection to</p> <p>16 the form.</p> <p>17 THE WITNESS: I did not know</p> <p>18 what the DEA factor meant, and I did</p> <p>19 not dive deeply into these reports</p> <p>20 when I sent them.</p> <p>21 QUESTIONS BY MR. MOUGEY:</p> <p>22 Q. I mean, I'm not asking you to</p> <p>23 deeply dive. You didn't even know that they</p> <p>24 were multiplied by 3 and what the criteria</p> <p>25 was for the thresholds, correct?</p>

1 A. Correct, I did not.

2 Q. Okay. So below that, you see
3 the date ordered, 6/29, 6/22, 6/15, 6/8, 6/1.

4 Do you see that?

5 A. I do.

6 Q. And the quantity, 7, 4, 3, 5,
7 9, right?

8 A. Yes.

9 Q. So how would you determine --
10 how would one determine how many dosage units
11 are in each of those quantities?

12 A. Via the NDC on the top, it says
13 plus 500. That's the number of dosage units
14 per bottle.

15 Q. Did you not have access to the
16 NDC codes to import those into your database
17 to identify how many pills those are?

18 A. We did have that information.

19 Q. You did?

20 A. Yes.

21 Q. Do you understand or know
22 whether the DEA had the NDC codes imported
23 into ARCOS so it could tell how many dosage
24 units were part of that quantity?

25 A. I don't know if the DEA had

Page 299

1 that information.

2 Q. Would you think that would be
3 helpful to provide the number of dosage units
4 in your report to the DEA?

5 MR. STOFFELMAYR: Objection to
6 the form. Foundation.

7 THE WITNESS: I don't know if
8 that would be helpful or not. I don't
9 know if that would be helpful or not
10 to them.

11 QUESTIONS BY MR. MOUGEY:

12 Q. Go back to your experience as
13 law enforcement. Wouldn't you want to know
14 if that's -- I mean, is that seven bottles of
15 three pills or seven bottles of 80 pills?
16 Wouldn't you want to know?

17 A. Yes, and it states here on the
18 report how many dosage units are in the
19 bottle.

20 Q. Where do you see that?

21 A. Right next to oxycodone 5/325
22 tab, Watson brand, plus 500, that's the
23 dosage units.

24 Q. Where do you see that?

25 A. Right under average order, "DEA
